DUFL

Imagine having a personal valet to simplify your business travel by shipping, cleaning and storing your business attire. DUFL does that, and automates the expensing too!

A premium travel service, DUFL stores your clothing in your personal DUFL closet, and allows you to virtually 'pack' by selecting your clothing items from within our app. Once you've scheduled your trip, we'll send your freshly cleaned and neatly packed clothing to your

hotel so you can travel bag-free. When you're ready to head home, log in to the app to schedule a pickup and we'll ship your clothes to the warehouse where we will clean, inventory and place them in your DUFL virtual closet until you are ready for your next trip.

Getting started is easy:

- Download the DUFL app on your iOS or Android device and register to receive your welcome kit, instructions and shipping labels.

- Connect DUFL to your Concur Expense account for automated expensing.

- Pack your DUFL suitcase with everything you will need on the road – full-sized toiletries, work-out clothes, business attire, and casual outfits – and schedule a pickup within the app. We'll pick up your bag, take inventory, clean and photograph your clothes, and upload them into your virtual closet.

- When you are ready to travel, schedule your trip and pack within the app, set your arrival date and destination, and your bag will meet you there.

- Use the DUFL app to set cleaning preferences, manage inventory, schedule trips and track your DUFL.

- When your trip ends, schedule a pickup in the app. We'll grab your DUFL from your hotel and ship it back to the DUFL warehouse for processing.

- Then export your e-receipt via the DUFL app to your Concur account for easy expensing. It's that simple!

Take the hassle out of packing, carrying on or checking in – download the DUFL app and we'll have your bag ready for your next trip!

DUFL works with Expense for Concur Standard and Expense for Concur Professional. It will be available soon in the Concur App Center under Apps for Me at www.Concur.com/AppCenter. For more information about DUFL, visit their website at http://www.dufl.com/.

With Ola, commuters also have the option of renting a cab for extended periods of time at affordable rates.

Ola Corporate was launched in the end of 2015 to address the specific needs of corporate commuters. Ola Corporate can be accessed by executives on their regular Ola cabs app, once authenticated by their employer. Users simply need to activate their corporate profile and book corporate rides right from their Ola cabs app. Ola strives to make travel for all its users absolutely safe by providing commuters professional drivers with background verification and also an SOS button on the app for emergencies. Real time rides can be tracked on a map and details can also be shared with family and friends.

As Concur clients, you can now attach your Concur account with your Ola Corporate account. All your Ola cab invoices for corporate travel will then get automatically saved to concur account.

Ola Cab works with Expense for Concur Standard and Expense for Concur Professional. It will be available soon in the Concur App Center under Apps for Me at www.Concur.com/AppCenter. For more information about Ola, visit their website at https://www.olacabs.com/.

Additional App Center Changes

App Center UI Update

On October 17, the App Center tab inside Concur will have a new look, making it easier to discover apps that integrate with Concur and provide greater insights into your total spend and bring travelers closer to the perfect business trip.

Concur users can use the new search or updated "categories" to find popular user apps, such as Uber, Lyft or TripIt, or contact a partner about enterprise applications solving business problems like VAT reclaim, ERP integration or regulatory compliance.

Concur for Box, Evernote, and Google Glass Update

As Concur continues to expand its platform to make it easy for third-party applications to connect with Concur, we have chosen to deactivate some of the connections that are not currently supported directly by the application provider. The following integrations will be deactivated on October 14, 2016:

- Concur for Box
- Concur for Evernote
- Concur for Glass

Account details and usage with these applications outside of the integration with Concur will not be impacted, and there is no action required on your part.
