Ele.me

Cater your business meals and expense them with ease. Ele.me, established in 2008, is a leading online-to-offline catering and food delivery platform, covering 3 million restaurants and 3 million delivery drivers in 2000 cities across China. It was acquired by the Alibaba Group in April 2018. Ele.me focuses on high-quality, convenient catering solutions for enterprises, with well-selected restaurants, a professional team, and excellent customer service. Ele.me provides catering and delivery services for a variety of dining needs such as daily work meals, tea breaks, conference receptions, and business banquets.

Product Features:

- Mixed payment options: you can pay with corporate meal supplements, avoiding personal funds and eliminating complicated reimbursement procedures. Or, pay in corporate accounts and regular financial reconciliations.
- Convenient reimbursement: ability to connect Ele.me to Concur Expense and receive e-receipts and e-fapiao automatically after payment.
- Customizable service: option to choose a standard or custom service.
- Food security: restaurants are supervised for food safety and quality control
- Support: through Alibaba resources, Ele.me offers professional support services and a business hotline.
- Control & compliance: Employee information and meal data are accurately tracked and can be pre-approved. Receive early warnings and trend analyses.

With Ele.me enterprise catering service, companies gain visibility and control over their employees' catering spend. Concur Expense clients can additionally pay through a business account instead of an individual account, making it even easier for employees to order and expense meals.

Ele.me works with Expense for Concur Professional. It is now available in the SAP Concur App Center under User Connections (formerly Apps for Me) at www.Concur.com/AppCenter. For more information about the Ele.me integration, visit <https://e.ele.me>.

Cabcharge

Never lose a receipt again

To be reimbursed for most credit card payments in a taxi, you are required to take a photo of the physical receipt. With Cabcharge, your e-receipt will automatically be posted to Concur Expense after your trip, saving you time and eliminating the need for a paper receipt.

Hailed and booked trips

Cabcharge is accepted by 98% of taxis across Australia- for both hailed and booked trips- ensuring your receipt will always be posted to your Concur Expense account.

Digital FASTCARDS

Say goodbye to physical credit cards with the Cabcharge Digital FASTCARD. Simply tap your smartphone on the in-taxi terminal and your receipt will be sent to Concur Expense.

To get started, click “Connect” to link your Cabcharge account to Concur Expense.

Cabcharge works with Expense for Concur Standard and Expense for Concur Professional. It is now available in the SAP Concur App Center under User Connections (formerly Apps for Me) at www.Concur.com/AppCenter. For more information about the Cabcharge integration, visit <https://www.cabcharge.com.au/>.

LoungeBuddy Removed from the App Center

LoungeBuddy has been acquired by American Express. The integration with Concur Travel has been discontinued and will no longer be available after May 15th, 2019.

Read more about the acquisition [here](#).

Uber Application Updated– Now Available in the EMEA Data Center

The Uber user connection application has been updated to the latest SAP Concur Receipts API.

Benefits of the integration include:

- Now available for clients hosted in the EMEA Data Center in addition to the US Data Center
- Detailed digital e-receipts automatically sent to Concur Expense
- Expenses are matched to associated corporate card transactions
- All standard expense fields are pre-populated with data

Existing users who connected to Uber via the SAP Concur App Center: no immediate action is required.

Users who connected accounts by adding a Concur Business Profile in the Uber app: While your receipts are still being forwarded into Concur Expense as usual, you should connect to Uber in the [SAP Concur App Center](#) to enjoy the full integration and benefits.

New users: To connect your account, visit Uber in the [SAP Concur App Center](#) and click “Connect.”

DiDi Enterprise Solutions - Updated EU and China Data Center Availability

The DiDi integration will be updated to the SAP Concur Receipts v4 API and will be available on the EU Data Center and China Data Center, in addition to the US Data Center. No action is required from existing users. New users on all Data Centers can connect to DiDi in the [SAP Concur App Center](#).

DiDi Enterprise Solutions (DiDi ES) is a market leader dedicated to offering business travel services and expense management solutions to corporate clients.

After a company creates an enterprise account, its employees can use the DiDi Enterprise App to request a business ride. Trip fares will then be paid directly from the enterprise account. Through the integration with SAP Concur, employees' ride receipts can be sent automatically to Concur Expense.

Through its intelligent transportation management system, DiDi Enterprise Solutions can simplify the management process of expense reporting for companies and allow their employees to enjoy a more relaxed business travel experience. It also helps companies manage vehicle usage while ensuring employees stay in compliance with company policies and regulations, reducing the risk of conducting non-compliant activities.

At the same time, DiDi Enterprise Solutions provides comprehensive and accurate data points on itinerary and travel expenses to corporate managers who can use the data to have better cost control, reduce management cost, and increase operating efficiency.

DiDi Enterprise Solutions services more than 300,000 corporate customers and over 17.5 million employees.

To automatically synchronize your ride expenses with Concur Expense and submit expenses for reimbursement, simply click the "Connect" button in the DiDi app and connect your SAP Concur account with your DiDi Enterprise Solutions account.

DiDi Enterprise Solutions works with Expense for Concur Standard and Expense for Concur Professional. It is now available in the SAP Concur App Center under User Connections (formerly Apps for Me) at www.Concur.com/AppCenter. For more information about the DiDi ES integration, visit <https://www.didiglobal.com/>.

prayerletters.com

As a missionary, prayerletters.com helps you send regular updates to people interested in your ministry so that they can effectively pray for you and send financial support.

prayerletters.com makes it easy for you to send high-quality printed prayer letters quickly and easily.
