Apps for Me

BizPack Is Available Now

BizPack makes packing for a business trip easy. Users can organize their tasks and items before their business trips. BizPack includes a master list and various list templates that are available through the packing list catalog on the DotNetIdeas Cloud Server. Users can customize those out-of-box lists or create their own for different types of trips.
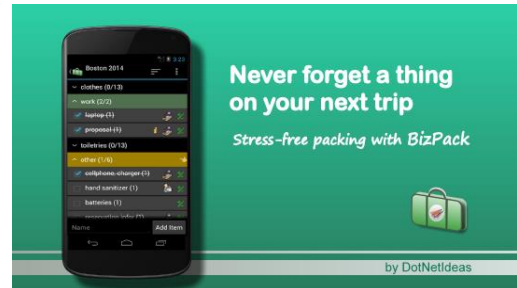

The Location and Luggage View of a packing list present items by their locations and luggage respectively. The Mass Change feature enables users to edit quantity and assign location and luggage for multiple items at once. Users can also enter notes and weight for each item. In large lists, the search box will helps users locate items quickly.

Users can synchronize and share a Concur packing list among multiple mobile iOS and Android devices through the DotNetIdeas cloud server. Users can upload and edit Concur packing lists online, back up their lists, and easitly populate their lists on any device.

BizPack works with **Travel** for Concur Standard. It is available now in the Concur App Center under **Apps for Me** at https://www.concur.com/en-us/app-center.

LoungeBuddy Is Available Now

LoungeBuddy makes it easy for users to discover, review, and access airport lounges during their trips around the world. After users connect their Concur account with LoungeBuddy, they can easily discover nearby airport lounges that could be available free of charge or for a one-time fee. Users can easily find out about amenities, read reviews, and view photos of nearby airport lounges.

LoungeBuddy works with **Travel** for Concur Professional and **Travel** for Concur Standard. It is available now in the Concur App Center under **Apps for Me** at https://www.concur.com/en-us/app-center.
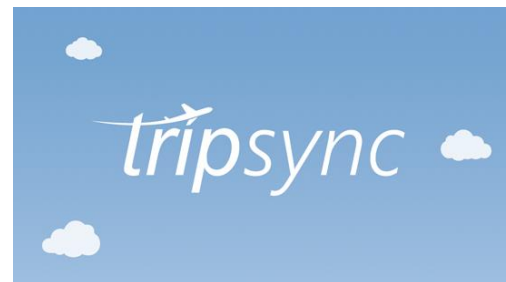

LugLess Is Available Now

LugLess is a luggage concierge service for business and leisure travelers. It frees users from having to haul their luggage to the airport and wait in crowded baggage claim areas to pick their luggage. Users also avoid the hassle of lost or delayed luggage. When users connect their Concur account with Lugless, their signup process is easy and fast — it takes less than five minutes.

LugLess works with **Travel** for Concur Professional and **Travel** for Concur Standard. It is available now in the Concur App Center under **Apps for Me** at https://www.concur.com/en-us/app-center.

TripSync Is Available Now

TripSync automatically synchronizes coworkers itineraries. After users install the TripSync browser extension and connect their Concur account with TripSync, they can access their colleagues' upcoming travel itineraries from their search results with one click. They can easily see who is on what flight and where everybody is staying.

TripSync works with **Travel** for Concur Professional and **Travel** for Concur Standard. It is available now in the Concur App Center under **Apps for Me** at https://www.concur.com/en-us/app-center.

Wingz Is Available Now

With WingZ, users can book airport transportation in advance so that they can focus on their business trip. When users connect their Concur accounts with Wingz, they can schedule door-to-door airport rides that are provided by hand-picked local drivers for a flat rate, including tips. WingZ uses hand-picked, local drivers who are trained and background checked. Users simply select their pick-up, drop-off locations and time, then preview the itinerary and the flat rate before booking. Wingz selects and connects the user to their driver and provides the driver's profile and vehicle information.

Wingz works with **Travel** for Concur Professional and **Travel** for Concur Standard. It is available now in the Concur App Center under **Apps for Me** at https://www.concur.com/en-us/app-center.
